

Appendix 2.14 - List of HHE Presentations 1996-2007

Strategic Goal 1

Achutan C, Page E [2006]. Hydrazine contamination of drinking water at Belle River Power Plant. Unpublished paper presented to employers and employees of the Belle River Power Plant, China, MI, December.

Achutan C, Tubbs RL [2007]. Assessment of noise exposures to kennel workers in animal shelters. Unpublished paper presented at the 2007 National Hearing Conservation Association Meeting, Savannah, GA.

Achutan C, Tubbs RL [2005]. Characterization of agricultural noise exposures. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA, May.

Achutan C, Tubbs RL [2005]. Characterization of agricultural noise exposure at a swine confinement facility in Iowa. Poster presented at the 30th Annual National Hearing Conservation Association Conference, Tucson, AZ, February.

Achutan C, Tubbs, RL [2004]. Characterization of agricultural noise exposure at an Indian reservation in New Mexico. Poster presented at the 29th Annual National Hearing Conservation Association Conference, Seattle, WA, February.

Akpinar-Elci M [2005]. The respiratory inflammatory response of occupants in a water-damaged office building. Unpublished paper presented at the American Thoracic Society 2005, San Diego, CA, May.

Akpinar-Elci M [2004]. FEV6 as a surrogate for FVC in detecting airways obstruction and restriction. Unpublished paper presented at the American Thoracic Society, Orlando, FL, May.

Benaise L [2005]. Asthma cluster investigation in a damp building. Unpublished paper presented at the EIS Tuesday Morning Seminar, Atlanta, GA.

Benaise L [2004]. Investigation of a home with an oxygen-deficient environment - West Virginia, December 2003. Unpublished paper presented at the EIS Conference, Atlanta, GA, April.

Biagini R, Trout D, MacKenzie B, Martinez K, Wallingford K [2001]. Antibodies to Roridin A-Hemisuccinate-Human Serum Albumin in sera from workers exposed to *Stachybotrys chartarum* in a water-damaged building. Unpublished paper presented at the American Academy of Allergy, Asthma, and Immunology, New Orleans, LA.

Blade L, McCleery R, Burt S [2000]. Worker exposures to substances in the manufacture of nonferrous, powdered, specialty metal alloys for the aircraft-engine industry. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Orlando, FL.

Burr G [1996]. Lead exposure during custodial activities. Poster presentation at the American Industrial Hygiene Conference and Exposition, Washington, DC.

Burr G, Bernard B, Lushniak B [2002]. Workplace surveillance at the World Trade Center. Unpublished paper presented at the Department of Defense/U.S. Environmental Protection Agency Toxicology and Risk Assessment Conference, Cincinnati, OH.

Burr G, Matte T [1997]. A characterization of community lead exposures in Jamaica. Poster presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

Burr G, Page E, Methner M [2003]. Followup study of vision disturbances among workers at a printing company. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

Burr G, Tepper, A, Feng A, Singal M, Miller A, Hanley K, Olsen L [2006]. Acute symptoms associated with asphalt fume exposure among road pavers. Poster presented at the Health Effects of Occupational Exposure to Emissions from Asphalt/Bitumen Symposium, Dresden, Germany, June.

Burr GA, Sollberger R, Achutan C [2005]. Worker exposures to ozone and other contaminants during TIG and MIG welding. Unpublished paper presented at the American Industrial Hygiene Conference, Anaheim, CA, May.

Burton NC [2006]. Introduction to indoor environmental quality. Unpublished paper presented at the University of Cincinnati graduate course: Fundamentals of Occupational Exposure Assessment, Cincinnati, OH, November.

Burton NC [2006]. Endotoxin; occupational exposures at waste water treatment plants. Unpublished paper presented at the US EPA Biosolids Exposure Measurement Workshop, Cincinnati, OH, March.

Burton NC [2005]. Flood sludge and mold. Unpublished paper presented at the CWUC Center for Worker Health and Safety Education, Cincinnati, OH, October.

Burton, NC [2004]. Sampling and analysis of indoor microbial contamination. Unpublished paper presented at the OSHA/NIOSH Interagency Health Outcomes Conference, Salt Lake City, UT, November.

Burton NC [2001]. Exposure assessment of employees land applying biosolids (treated sewage sludge). Unpublished paper presented at the Kentucky-Tennessee Water Environment Association Meeting, Ft. Mitchell, KY, May.

Burton NC [2001]. Risks from toxicants and pathogens in biosolid fertilizers. Unpublished paper presented at the National Academy of Sciences, Washington, DC, March.

Burton NC [2000]. Health and safety issues associated with biorecovery. Unpublished paper presented at the American BioRecovery Association 4th Annual Conference, New Orleans, LA, August.

Burton NC [2000]. NIOSH health hazard evaluations associated with land applying biosolids (sewage sludge). Unpublished paper presented at the US EPA Biosolids Meeting, Cincinnati, OH, June.

Burton NC [1998]. Carbon monoxide exposure and confined space issues in the foundry setting. Unpublished paper presented at the All-Ohio Safety and Health Congress and Exhibit, Cincinnati, OH, March.

Burton NC [1997]. An evaluation of occupational exposures to synthetic metalworking fluids, oil mist, and microbial contamination at a recreational vehicle axle manufacturer. Unpublished paper presented at the 6th Annual NIOSH Salt Fork Conference, Columbus, OH, September.

Burton NC, Boudreau Y [1999]. Assessment of a sheriff's office evidence drying room. Poster presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada.

Burton NC, MacDonald LA, Estill CF [1996]. Ergonomic assessment at a shoe manufacturing facility. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Washington, DC, May.

Burton NC, Martinez K, Hughes R, Hayden C [1999]. Evaluation of the ventilation systems serving isolation rooms at six regional hospitals in the Commonwealth of Puerto Rico. Unpublished paper presented at the Hazard Control Technologies in Healthcare: Collaborative Strategies for the Next Millennium Conference, Colorado Springs, CO, August.

Burton NC, Martinez KF [1999]. Indoor environmental quality assessment of a frequently flooded office environment. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada, June.

Burton NC, Trout D [2000]. Exposure assessment of employees land applying biosolids (sewage sludge). Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Orlando, FL, May.

Cardarelli J, Achutan C, Burr G [2004]. NIOSH Study of TSA Screener Exposures to Radiation During Baggage Screening. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Atlanta, GA, May.

Cardarelli J, Burr G [2003]. Challenges of the study of transportation security administration workers. Unpublished paper presented at the Council on Ionizing Radiation Measurements, Washington, DC.

Cardarelli J, Lotz WG, Dowell CH, Finley M [2005]. Exposure assessment of a complex RF environment. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA, May.

Cocalis J [1996]. Prevention of silicosis. Unpublished paper presented at the Thirty-sixth Navy Occupational Health and Preventive Medicine Workshop, Hampton, VA.

Cocalis J [2000]. Coal mine health concerns: silica, sanitation, and hydraulic fluids. Unpublished paper presented at the Annual Conference of the National Association of Black Lung and Respiratory Disease Clinics, Bristol, TN, October.

Cox-Ganser J [2006]. Building-related asthma studies at NIOSH 2000-2005. Unpublished paper presented at the European Respiratory Society Annual Congress, Munich, Germany, September.

Cox-Ganser J [2005]. Priority research needs for improving the health of workers in indoor environments. Unpublished paper presented at the Surgeon General's Workshop on Healthy Indoor Environment, Bethesda, MD, January.

Cox-Ganser J [2004]. NIOSH's research agenda-setting for indoor environments. Unpublished paper presented at the 132nd Annual Meeting of APHA, Washington, DC, November.

Cox-Ganser J [2003]. Association between respiratory symptoms and latex allergen in chair dust in a health care facility. Unpublished paper presented at the American Thoracic Society 2003, Seattle, WA, May.

Cox-Ganser J [2003]. Office-building-associated lung disease. Unpublished paper presented at the CDC Epidemiology Grand Rounds Tuesday Morning Seminar, Atlanta, GA, April.

Cox-Ganser J [2000]. Hypersensitivity pneumonitis in the metal working fluid environment: common features, common causes. Unpublished paper presented at the American Thoracic Society Meeting, Toronto, Canada, May.

Cox-Ganser J [1997]. Report on the January 1997 workshop on metalworking fluid-associated hypersensitivity pneumonitis. Unpublished paper presented at the Metalworking Fluids Symposium, Detroit, MI, September.

Cox-Ganser J [1996]. Investigation of possible occupational asthma in a pickle-packing plant; analysis of respiratory questionnaire. Unpublished paper presented at the American Thoracic Society International Conference, New Orleans, LA, May.

Day G [2005]. Characterization of airborne dust generated during production of cemented carbides. Unpublished paper presented at the ICOH Conference, Milan, Italy, June.

Delaney LJ [2003]. Current NIOSH isocyanate research. Unpublished paper presented at the Isocyanate Professional Development Course at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

Delaney LJ [2002]. Biological contaminants assessment at a former tannery. Unpublished paper presented at the American Industry Hygiene Conference and Exposition, San Diego, CA.

Delaney LJ [2001]. Health care workers' exposures to nitric oxide, nitrogen dioxide, and nitric acid during inhaled nitric oxide therapy. Poster presented at the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

Delaney LJ, Tubbs RL, Methner MM [2005]. Noise exposure assessment of airport screeners during checked baggage screening. Poster presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA.

Dowell CH [2005]. Occupational exposures during the preparation of pseudo narcotics for canine training. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA, May.

Dowell CH. [2004]. Evaluation of monobutyltin trichloride exposures among workers in a glass bottle manufacturing plant. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Atlanta, GA.

Dowell CH. [2004]. Heat strain, going beyond heat stress. Unpublished paper presented at the OSHA/NIOSH Interagency Health Outcomes Conference, Salt Lake City, UT, December.

Dowell CH, Mattorano DA [2005]. Assessing dermal exposures to epoxy resins in the wind turbine manufacturing industry. Unpublished paper presented at the Occupational and Environmental Exposures of Skin to Chemicals, Stockholm, Sweden, June.

Eisenberg JM [2005]. Silicosis among hispanic workers - medical screening data. Unpublished paper presented at the Epidemic Intelligence Service program grand rounds, Atlanta, GA, November.

Eisenberg JM [2005]. NIOSH hazard review: raising employer awareness of silica exposure in the roofing industry. Unpublished paper and roundtable discussion at the Phoenix Roofing Industry Silica Meeting, Phoenix, AZ, March.

Eisenberg JM [2005]. Raising awareness of silica exposure in the roofing industry. Unpublished paper and booth exhibit at the 2005 International Roofing Exposition, Orlando, FL, February.

Esswein EJ [2006]. Chemical exposures associated with clandestine methamphetamine laboratories, sampling considerations. Unpublished paper presented at the Professional Conference on Industrial Hygiene, San Jose, CA, September.

Esswein EJ [2005]. Development of the hand wipe disclosing method for the presence of lead. Unpublished paper presented at the International Occupational Hygiene Conference, Pietermaritzburg, South Africa, September.

Esswein EJ [2005]. Industrial hygiene aspects of biological monitoring. Unpublished paper presented at the Biological Monitoring Conference, National Institute for Occupational Health, Johannesburg, South Africa, September.

Esswein EJ [2005]. Industrial ventilation I, II and III. Unpublished paper presented at the Masters of Public Health Program, University of the Witswatersrand, Johannesburg, South Africa, September.

Esswein EJ [2004]. Handwipe disclosing method for the presence of lead. Unpublished paper presented at the OSHA/NIOSH Interagency Health Outcomes Conference, Salt Lake City, UT, November.

Esswein EJ [2000]. The Samancor manganese exposure project Unpublished paper presented at Samancor Werks, Hotazel, South Africa, September.

Esswein EJ [1998]. A latex allergy update. Unpublished paper presented at Lansing Community College, Continuing Medical Education, Lansing, MI,. November.

Esswein EJ [1998]. Indoor air quality: cause definition in the school environment. Unpublished paper presented at the Healthy School Environment Conference, Washington, DC, April.

Esswein EJ [1998]. The NIOSH latex allergy ALERT: Unpublished paper presented the Safeskin Corporation, Tuscon, AZ, February.

Esswein EJ [1997]. Latex allergy: An emerging concern in health care? Unpublished paper presented at Lansing Community College, Continuing Medical Education, Flint, MI, December.

Esswein EJ [1997]. Conducting industrial hygiene exposure assessments in industry. Unpublished paper presented at the National Centre for Occupational Health, Johannesburg, South Africa, March.

Esswein EJ [1997]. Conducting occupational exposure assessments in industry, and the NIOSH HHE Program. Unpublished paper presented to the South African Society of Occupational Health Nurses, Johannesburg, South Africa, March.

Esswein EJ [1997]. Industrial hygiene and monitoring. Unpublished paper presented at the International Chemical Workers Union Council, Technical Skills Class, Cincinnati, OH, August.

Esswein EJ [1997]. Latex allergy. Unpublished paper presented at the NIOSH Interdivisional Bioaerosols Conference, Columbus, OH, September.

Esswein EJ [1997]. Latex allergy. Unpublished paper presented at the Greater Cincinnati Hospital Council, Cincinnati, OH, September.

Esswein EJ [1997]. Latex allergy. Unpublished paper presented at the National Centre for Occupational Health, Johannesburg, South Africa, March.

Esswein EJ [1996]. IAQ in health care settings: Latex allergy an emerging issue. Unpublished paper presented at the 13th Annual Utah Conference on Safety and Industrial, Salt Lake City, UT, November.

Esswein EJ, Boeniger M, Hall R, Mead KA [1997]. Comprehensive exposure assessment in a Texas battery manufacturing plant: exposures by multiple routes, deficiencies in a respiratory protection program, and lead for Lunch. Poster presented at the American Industrial Hygiene Conference and Exposition, Dallas TX, May.

Esswein EJ, Trout D, Hales T, Brown K, Solomon G, Miller M [1996]. Exposures and health effects: An industrial hygiene evaluation of workers at a sodium azide production plant. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Washington, DC, May.

Ewers LM [2005]. At the bottom of the seaway: A NIOSH investigation at an unusual worksite. Unpublished paper presentation at the American Industrial Hygiene Conference and Exposition, Anaheim, CA.

Ewers LM [2002]. A field test of two moist-cloth wipes for sampling lead in surface dust. Poster presented at the American Industrial Hygiene Conference and Exposition, San Diego, CA.

Ewers L, Tapp L, Achutan C [2006]. Evidence of fecal contamination within a machine at a manufacturing site. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Chicago, IL.

Ewers LM, Tapp LC [2002]. Endotoxin exposures during potato processing. Unpublished paper presented at the 11th Annual NIOSH Salt Fork Conference, Mineral Wells, WV.

Gwin K, Wallingford K, Van Campen L, Morata T [2001]. An automobile racing team's occupational exposure to potentially ototoxic chemicals. Poster presented at the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

Habes DJ, Baron S [2005]. Ergonomic evaluation of antenatal ultrasound testing procedures. Unpublished paper presented at the Society of Diagnostic Medical Sonography Annual Conference, Dallas, TX, October.

Habes DJ, Baron S [2003]. Ergonomic evaluation of antenatal ultrasound testing procedures. Unpublished paper presented at the Society of Diagnostic Medical Sonography WRMSD Consensus Conference, Dallas, TX, May.

Hales T [2000]. The Government – OSHA – NIOSH point of view. The epidemiology of upper extremity musculoskeletal disorders: occupational orthopedics and workers, compensation: A multidisciplinary perspective. Unpublished paper presented at the American Association of Orthopedic Surgeons, Baltimore, MD, November.

Hales T [1999]. Biomechanical hazards. Biomechanical hazards at work. Surveillance case definitions to prevent CTD's. Unpublished paper presented at the AAHS and ASSH Symposium on Occupational Injuries, Chicago, IL, October.

Hales T [1999]. The epidemiology of musculoskeletal disorders in the workplace. Unpublished paper presented at the Central States Occupational Medicine Association Fall Seminar, St Louis, MO, September.

Hales T [1997]. Cumulative trauma disorders. Unpublished paper presented at the Department of Preventive Medicine, University of Colorado Health Sciences Center, Denver, CO, October.

Hales T [1997]. The epidemiology of work-related musculoskeletal disorders. Unpublished paper presented at the Cumulative Trauma Disorders Symposium, St Louis, MO, October.

Hales T [1997]. Upper extremity musculoskeletal disorders, Part 1: Evidence for an association with work. Unpublished paper presented at the Central States ACOEM Annual Conference, Indianapolis, IN, September.

Hall RM [2001]. Ozone exposures during a treatment process of raw beef. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

Hall RM [2000]. Real-time monitoring of cellulose insulation installers. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Orlando, FL.

Hall RM, Snyder E [2005]. Evaluation of workers exposures during the manufacturing of high quality corrosive resistant stainless steel products and fabricated piping systems. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA, May.

Hall RM, Tubbs R, Sollberger R [2006]. NIOSH evaluation of workers during cement tile roofing operation. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Chicago IL, May.

Hall RM, Tubbs RL, Sollberger R [2006]. Roofing health hazard evaluations. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Chicago, IL, May.

Harrison J [2005]. Carbon dioxide infiltration into a residence. Unpublished paper presented at the American Industrial Conference and Exposition, Anaheim, CA, May.

Hilsbos K [2003]. Lung disease associated with a water-damaged office building - northeastern U.S., 2001. Unpublished paper presented at the EIS Conference, Atlanta, GA, March.

Jajosky P [1998]. Sarcoidosis diagnoses in the military: Trends and environmental associations. Unpublished paper presented at the USPHS COA Conference, Alexandria, VA, April.

Jajosky P [1996]. Sarcoidosis-like lung disease among navy personnel. Unpublished paper presented at the Annual Aviation Boatswains Mates Association Convention, Pensacola, FL, August.

Kanwal R [2004]. Occupational lung disease: Case studies in identification and prevention: work-related asthma and MWF exposures and health effects. Unpublished paper presented at the Jewels of Practice in Occupational Health, Birmingham, AL, March.

Kawamoto MM [2005]. Pyramids and paradigms: developing transnational training. Poster presented at the XVII World Congress on Safety and Health at Work, Orlando, FL, September.

Kawamoto MM [2005]. Evaluation and solution of workers' health problems: critical analysis in practice. Poster presented at the XVII World Congress on Safety and Health at Work, Orlando, FL, September.

Kawamoto MM, [2000]. Evaluation and solution of workers' health problems: critical analysis in practice (Spanish). Unpublished paper presented at First National Conference of Occupational Health, Meeting of the Society of Mexican Specialists in Work Health, Mexico City, Mexico, August.

Kawamoto MM [1999]. Developing workers' health training programs: challenges and strategies. Unpublished paper presented at the 6th International Conference, International Commission of Occupational Health Scientific Committee on Education and Training in Occupational Health, Quality and Efficiency: Improvement of Competencies, Cancún, Mexico, October.

Kawamoto MM [1999]. Perspectives on solutions to problems in environmental health and industrial safety (Spanish). Unpublished paper presented at meeting of the Mexican Society of Health in Work, Mexico City, Mexico, July.

Kawamoto MM [1999]. Health hazard evaluations: methods, strategies, practice (Spanish). Unpublished paper presented at meeting of the Society of Mexican Specialists in Work Health, México, Mexico City, Mexico, June.

Kawamoto MM [1998]. The multidisciplinary world of workers' health: the physician(s) role (Spanish). Permanent Seminar of Work in Health, Universidad Nacional Autónoma de México, México, Mexico City, Mexico, October.

Kawamoto MM, McCullough J [2006]. Evaluating cancer clusters: a physician's perspective. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Chicago, IL.

Kawamoto MM, Page E, Adebayo A, Eisenberg J [2006]. Reality check and real-world strategies: nonstandard medical tests. Unpublished paper presented at the American Occupational Health Conference, Los Angeles, CA, May.

Kawamoto MM, Tapp L, Page E, Adebayo A [2006]. Reality check and real-world strategies: cancer in the workplace. Unpublished paper presented at the American Occupational Health Conference, Los Angeles, CA, May.

Kiefer M [2003]. Occupational health and industrial hygiene. Unpublished paper presented at the CDC Occupational and Environmental Preventive Medicine Seminar, Atlanta GA, May.

Kiefer M [2003]. Indoor environmental quality in schools. Unpublished paper presented at the ATSDR Partners in Public Health Symposium, Atlanta GA, March.

Kiefer M [2003]. Herpes B-virus fatality investigation. Unpublished paper presented at the Chesapeake Area Biological Safety Association Meeting, Baltimore, MD, January.

Kiefer M [2002]. Nonhuman primate safety. Unpublished paper presented at the New England Biological Safety Association, Boston, MA, February.

Kiefer M [2001]. Indoor environmental quality - lessons learned. Unpublished paper presented at the Region IV EPA Symposium, Atlanta, GA, April.

Kiefer M [2000]. NIOSH health hazard evaluation program and the Atlanta Field Office. Unpublished paper presented at the Florida Environmental Health Association Annual Conference, Tampa, FL, May.

Kiefer M [1999]. Fruit fly trapper exposure to the pesticide Dibrom. Unpublished paper presented at the American Industrial Hygiene Association Georgia Local Section Meeting, Atlanta, GA, August.

Kiefer M [1997]. A joint NIOSH - ATSDR investigation of arsenic exposure at an NPL site. Unpublished paper presented at the Agency for Toxic Substances and Disease Registry Partners in Public Health Conference, Atlanta, GA.

Kitt M [2005]. Tuberculosis control programs in correctional facilities. Unpublished paper presented at the South Carolina Jail Administrator's Conference, Myrtle Beach, SC.

Krake A, Worthington K, Wallingford K, Martinez K [1999]. Evaluation of microbiological contamination in a museum. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada.

Kreiss K [2007]. Non-invasive approach to evaluating damp homes or workplace. Unpublished paper presented at the AAAAI, San Diego, CA, February.

Kreiss K [2004]. Occupational health perspectives on mold. Unpublished paper presented at the Harvard School of Public Health Symposium, Boston, MA, June.

Kreiss K [2004]. Respiratory disease. Unpublished paper presented at the NIOSH/OSHA Interagency Health Outcomes Conference, Salt Lake City, UT, November.

Kreiss K [2004]. Popcorn workers lung & airway obstruction caused by inhaled flavoring. Unpublished paper presented at the ERS 14th Annual Congress, Glasgow, Scotland, September.

Kreiss K [1997]. Hypersensitivity pneumonitis from inhaled antigens. Unpublished paper presented at the Metalworking Fluids Symposium, Detroit, MI, September.

Martin J [2004]. Industrial case study: potential application of control banding for occupational exposure to asbestos-contaminated vermiculite. Unpublished paper presented at the 2nd International Control Banding Workshop, Cincinnati, OH, March.

Martinez K [2004]. Real biologically derived airborne contaminants: Bioaerosols and TLVs®. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Atlanta, GA.

Martinez K [2004, 2003, 2002, 2001, 2000, 1999, 1998, and 1997]. Control of microbial contamination in the indoor environment related health and safety issues. Presented as a component of a Professional Development Course at the American Industrial Hygiene Conference and Exposition.

Martinez K [2003]. Creating uniformity in mold remediation. Unpublished paper presented at the American Conference of Governmental Industrial Hygienists Symposium on Mold Remediation, Orlando, FL.

Martinez K [2002]. Assessment of bioaerosols in the indoor environment. Presented at a four-day training course sponsored by the American Conference of Governmental Industrial Hygienists, Cincinnati, OH, February, August, and October.

Martinez K [2002]. Bioaerosols - assessment and control. Unpublished paper presented to WISHA as a 1.5 training day course, Seattle, WA.

Martinez K [2002]. Fungal remediation in contaminated buildings. Unpublished paper presented at the Hawaii Indoor Air Quality Symposium, Honolulu, HI.

Martinez K [2002]. Fungal remediation in contaminated buildings. Unpublished paper presented at the Texas Indoor Air Quality Symposium, Austin, TX.

Martinez K [2002]. Fungi in the indoor environment. Unpublished paper presented at the Solving Water Intrusion and Mold Problems in Ohio Workshop, Columbus, OH.

Martinez K [2002]. Microbiological contamination in a large metropolitan hospital following a localized, burst-pipe induced flooding event. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, San Diego, CA.

Martinez K [2002]. Remediation of visible contamination and associated dusts. Unpublished paper presented at the IAQ: Asthma and Allergens Symposium, Fullerton, CA.

Martinez K [2002]. Assessment of bioaerosols in the indoor environment. Unpublished paper presented at a four-day training course sponsored by the American Conference of Governmental Industrial Hygienists, Cincinnati, OH, February, August, and October.

Martinez K [2002]. Bioaerosols - assessment and control. Unpublished paper presented to WISHA as a 1.5-day training course, Seattle, WA.

Martinez K [2002]. Fungal remediation in contaminated buildings. Unpublished paper presented at the Hawaii Indoor Air Quality Symposium, Honolulu, HI.

Martinez K [2002]. Fungal remediation in contaminated buildings. Unpublished paper presented at the Texas Indoor Air Quality Symposium, Austin, TX.

Martinez K [2002]. Fungi in the indoor environment. Unpublished paper presented at the Solving Water Intrusion and Mold Problems in Ohio Workshop, Columbus, OH.

Martinez K [2002]. Microbiological contamination in a large metropolitan hospital following a localized, burst-pipe induced flooding event. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, San Diego, CA.

Martinez K [2002]. Remediation of visible contamination and associated dusts. Unpublished paper presented at the IAQ: Asthma and Allergens Symposium, Fullerton, CA.

Martinez K [2001]. Biological contamination - remediation. Unpublished paper presented at the Molds and Indoor Air Quality Seminar, Corpus Christi, TX.

Martinez K [2001]. Environmental assessment of a reference mycobacteriology laboratory and four public hospitals in Mexico with regard to occupationally-acquired tuberculosis. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

Martinez K [2001]. Fungi in indoor environments. Unpublished paper presented at the Indian Health Service Tucson Area Workshop, Casa Grande, AZ.

Martinez K [2001]. Fungi in indoor environments. Unpublished paper presented at the Ohio 10th Annual Business and Industry Environmental Symposium, Cincinnati, OH.

Martinez K [2001]. Fungi in indoor environments. Unpublished paper presented at the Environmental Air Quality Workshop on Biological Airborne Particulate Matter, Kansas State University, Manhattan, KS.

Martinez K [2001]. Mold litigation - impact of governmental agencies. Unpublished paper presented at the Mealey's Mold Litigation Conference, Philadelphia, PA.

Martinez K [2001]. Remediation of microbiologically contaminated environments. Unpublished paper presented at the US EPA (Region 9) Workshop on Fungal Contamination in Indoor Environments, Berkeley, CA.

Martinez K [2000]. Bioaerosols - monitoring, data interpretation, and clearance levels. Unpublished paper presented at the Annual Joint Professional Symposium for the Orange County and Southern California American Industrial Hygiene Association Local Sections, Long Beach, CA.

Martinez K [2000]. Bioaerosols - safety and health considerations with case studies. Unpublished paper presented at the Ohio Association of Health Commissioners, Columbus, OH.

Martinez K [2000]. Remediation of microbiologically contaminated environments. Unpublished paper presented at the American Conference of Governmental Industrial Hygienists Applied Workshop, Washington, DC.

Martinez K [1999]. Airborne dissemination of Mycobacterium species from contaminated therapy pools and whirl pools. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada.

Martinez K [1999]. Bioaerosols - sampling case studies. Unpublished paper presented at the Local Section of the American Industrial Hygiene Association, Cincinnati, OH.

Martinez K [1999]. Bioaerosols in the indoor environment. Unpublished paper presented at the NSF International Conference on Indoor Air and Health, Denver, CO.

Martinez K [1998]. Bioaerosols - sampling case studies. Unpublished paper presented at the Local Section of the American Industrial Hygiene Association, Indianapolis, IN.

Martinez K [1998]. Bioaerosols: assessment and control - the building walk-through. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Atlanta, GA.

Martinez K [1998]. Current options and combinations of air sampling techniques: towards a better understanding of microbiologically contaminated environments. Unpublished paper presented as a component of a Professional Development Course at the American Industrial Hygiene Conference and Exposition, Atlanta, GA.

Martinez K [1998]. Environmental assessment of allergens, bioaerosols, and related factors *and* Environmental control measures and prevention. Unpublished papers presented at the Northwest Occupational Health Conference, Spokane, WA.

Martinez K [1998]. Health hazard evaluations and current research issues - indoor environmental quality. Unpublished paper presented at the American Occupational Health Conference, Boston, MA.

Martinez K [1997]. Bioaerosols in the indoor environment. Unpublished paper presented at the University of Cincinnati Graduate Seminars on the Environment, Cincinnati, OH.

Martinez K [1997]. Current options and combinations of air sampling techniques: towards a better understanding of microbiologically contaminated environments. Unpublished paper presented at the Mid-Atlantic Environmental Health Resource Center Symposium on Microbiological Contamination of Indoor Environments, New Orleans, LA, and the 6th Annual NIOSH Interdivisional Aerosol Symposium, Columbus, OH.

Martinez K [1997]. Microorganisms in hospital environments. Unpublished paper presented at the Greater Cincinnati Hospital Association, Cincinnati, OH.

Martinez K, Trout D, Wallingford K [2000]. Severe fungal contamination of a hotel resulting from an EFIS system failure - environmental characterization and clinical outcomes. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Orlando, FL.

Martinez K, Tubbs R [2000]. The detection and characterization of airborne dissemination of *Mycobacterium* species from contaminate therapy pools and whirl pools *and* Use of local exhaust ventilation to control aerosol exposures resulting from the use of a reciprocating saw during an autopsy. Unpublished papers presented at the Hazard Control Technologies in Health Care Symposium, Colorado Springs, CO.

Martinez K, Tubbs R, Ow P [1997]. Use of local exhaust ventilation to control aerosol exposures resulting from the use of a reciprocating saw during autopsy. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

Martinez K, Wallingford K [1999]. Environmental characterization of a mold-contaminated hotel. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada.

Martinez K, Yang C [1997]. Bioaerosols in the indoor environment. Unpublished paper presented at the American Conference of Governmental Industrial Hygienists Applied Workshop on Bioaerosols, San Diego, CA.

Martyny J, Esswein EJ [2002]. Occupational health issues: environmental monitoring and environmental sampling. Unpublished paper presented at the Bioterrorism Emergency Planning and Preparedness Meeting, Colorado Department of Public Health and Environment, Vail, CO.

McCleery R [2002]. Asbestos - its related diseases, U.S. regulations, and emerging issues. Unpublished paper presented at the Society for Mining, Metallurgy, and Exploration Annual Meeting and Exhibit, Phoenix, AZ.

McCleery R [1999]. Workplace exposure assessment of cellulose insulation applicators. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Toronto, Canada.

McCleery R [1999]. Workplace exposure assessment of cellulose insulation applicators. Unpublished paper presented at the National Cotton Council Cotton and Other Organic Dusts Conference, Orlando, FL.

McCleery R [1998]. Workplace exposure assessment of cellulose insulation applicators. Unpublished paper presented at the 7th Annual NIOSH Salt Fork Conference, Cambridge, OH.

McCleery R, Hall R [2000]. Real-time and video exposure monitoring during cellulose insulation applications. Unpublished paper presented at the National Cotton Council Cotton and Other Organic Dusts Conference, San Antonio, TX.

McCleery R, Martinez K, Mattorano D [2000]. Exposure to solvents and abrasive-blasting material during the manufacture of copper-based novelty gifts. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Orlando, FL.

McCleery R, McCullough J, Hall R, Fernback J [2001]. NIOSH exposure assessment of cellulose insulation applicators. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

McCleery R, Tubbs R, Warren A [2006]. NIOSH health hazard evaluation of a cultured marble manufacturing facility. Poster presented at the American Industrial Hygiene Conference and Exposition, Chicago, IL, May.

McKernan J, Piacitelli G, Roegner K, Delaney LJ [2001]. Occupational exposures in seismic retrofitting operations. Poster presented at the OEHS, Berkeley, CA, and the American Industrial Hygiene Conference and Exposition, New Orleans, LA.

Methner M, Achutan C [2006]. Airborne Hexamethylene Diisocyanate and particulate exposures during fire/rescue vehicle ladder finishing operations. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Chicago, IL, May.

Methner MM, Delaney LJ [2005]. Airport “checked baggage” screener exposure to internal combustion engine exhaust products. Poster presented at the American Industrial Hygiene Conference and Exposition, Anaheim, CA.

Miller A, Burr G [1997]. NIOSH/FHWA asphalt project - update on the medical and environmental results. Unpublished paper presented at the National Research Council, Transportation Research Board 76th Annual Meeting, Washington, DC.

Miller A, Burr G [1997]. NIOSH/FHWA asphalt project. Unpublished paper presented at the Michigan Construction Safety Conference; Lansing, MI.

Ortega H [1999]. Respiratory illness among crab processing workers. Unpublished paper presented at the Safety and Health in Commercial Fishing Conference, Seattle, WA, April.

Miller A, Burr G [1996]. NIOSH/FHWA asphalt project. Unpublished paper presented at the Pacific Coast Conference on Asphalt Specifications, Berkeley, CA.

Miller A, Burr G [1996]. NIOSH/FHWA asphalt project. Unpublished paper presented at the American Public Health Association Annual Meeting and Exposition, New York, NY.

An evaluation of work areas in government buildings where workers handled and opened irradiated mail. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX, May.

Hall R, McCleery R, Earnest S, Dunn K, McCammon J [2002]. An evaluation of carbon monoxide (CO) concentrations associated with the operation of houseboats equipped with gasoline powered generators. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, San Diego, CA.

Kiefer M [2005]. Environmental public health impacts of disasters: Hurricane Katrina. Unpublished paper presented at the Institute of Medicine Committee on Environmental Health Sciences, Research, and Medicine, Washington, DC, October.

Kiefer M [2004]. Evaluation of “dedicated” SARS hospitals in Taiwan. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Atlanta, GA, May.

Kiefer M [2002]. CDC emergency response to the anthrax attack. Unpublished paper presented at the Joint Region V FBI/EPA On-Scene Coordinator training, EPA Argonne Labs, IL, October and Cincinnati, OH, September.

Kiefer M [2002]. Unpublished paper presented at the Conference Organizer and Sampling Session Facilitator, Washington, DC, July.

Martinez K [2006]. Emergency response - air sampling for WMD (biological agents). Unpublished paper presented at the EPA On-Scene Coordinators Readiness Training Conference, Los Angeles, CA.

Martinez K [2004]. Advances in sampling procedures, sampling and efficacy. Unpublished paper presented at the 2nd Civilian-Military Anthrax Response Technical Workshop, Current State of Federal Governmental Capabilities and Positions, Washington, DC.

Martinez K [2004]. Environmental sampling following a biowatch signal. Unpublished paper presented at the DHS sponsored national BioWatch meeting, Crystal City, VA.

Martinez K [2003]. Environmental sampling following a biowatch signal. Unpublished paper presented at the DHS sponsored regional BioWatch meeting, Orange County, CA.

Martinez K [2003]. Environmental sampling for anthrax. Unpublished paper presented at the University of Cincinnati Symposium, Biological and Chemical Terrorism: Recognition, Evaluation and Control, Cincinnati, OH.

Martinez K [2003]. Shipping and analytical considerations for collected environmental samples (biothreat agents). Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

Martinez K (for Sanderson W) [2002]. Second evaluation of *Bacillus anthracis* contamination inside the Brentwood Mail Processing and Distribution Center District of Columbia. Unpublished paper presented at the Anthrax Incident Management Workshop, Medicine Hat, Canada.

Martinez K [2002]. Anthrax - assessment and de-contamination. Unpublished paper presented at the a two-day course sponsored by the American Biological Safety Association, Philadelphia, PA.

Martinez K [2002]. Environmental sampling for anthrax. Unpublished paper presented at the National Coordinating Council, Washington, DC.

Martinez K [2000]. Emergency response in flood damaged areas - the unseen hazards. Unpublished paper presented at the Commissioned Officers Association/U.S. Public Health Service Public Health Professional Conference, Scottsdale, AZ.

Martinez K [2001]. Environmental sampling for *Bacillus anthracis* following a bioterrorist event. Unpublished paper presented at the CDC/ATSDR Risk Assessment workshop, Atlanta, GA.

Mattorano D, Wallingford K, Snyder E, Esswein E, McCleery R, Baron S [2003]. CDC/NIOSH emergency response: occupational exposures during the World Trade Center disaster - a look at rescue workers. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

McCleery R [2003]. Environmental sampling. Unpublished paper presented at the CDC/FBI Joint Training Course, Fort Lauderdale, FL.

McCleery R [2003]. NIOSH activities during the anthrax attacks of 2001. Unpublished paper presented at the Central Ohio American Industrial Hygiene Association, Columbus, OH.

McCleery R [2002]. Anthrax post-emergency response, the continuing saga. Unpublished paper presented at the 11th Annual NIOSH Salt Fork Conference, Mineral Wells, WV.

McCleery R [2002]. Evaluation strategies for buildings contaminated with *Bacillus anthracis*. Unpublished paper presented at the Association of Energy Engineers - 25th World Energy Engineering Congress, Atlanta, GA.

McCleery R [2002]. Responses to the World Trade Center disaster and anthrax cases. Unpublished paper presented at the Cincinnati Chapter of the American Society of Public Administrators Meeting, Cincinnati, OH.

McCleery R [2002]. Responses to the World Trade Center disaster and anthrax cases. Unpublished paper presented at the Tri-state Liver Support Group, Cincinnati, OH.

McCleery R [2001]. Anthrax investigations. Unpublished paper presented at the 10th Annual NIOSH Salt Fork Conference, Mineral Wells, WV.

McCleery R, Burr G, Cardarelli J, Esswein E, Martinez K, Mattorano D, Seitz T, Weber A [2004]. CDC/NIOSH role as emergency responders in terrorism events. Unpublished paper presented at the Hawaii Society for Clinical Laboratory Science/Clinical Laboratory Managers Association Joint Annual Meeting, Honolulu, HI.

McCleery R, Burr G, Martinez K, Mattorano D [2002]. Evaluation of air sampling methods for *Bacillus anthracis* prior and subsequent to the operation of a delivery bar code sorter in the Trenton Processing and Distribution Center. Unpublished paper presented at the Anthrax Incident Management (AIM) Workshop, Medicine Hat, Canada.

McCleery R, Burr G, Martinez K, Mattorano D [2002]. Evaluation of air sampling methods for *Bacillus anthracis* prior and subsequent to the operation of a delivery bar code sorter in the Trenton Processing and Distribution Center. Unpublished paper presented at the United States Postal Service - Mail Security Work Group Meeting, Washington, DC.

McCleery R, Burr G, Martinez K, Mattorano D [2002]. Evaluation of air sampling methods for *Bacillus anthracis* prior and subsequent to the operation of a delivery bar code sorter in the Trenton Processing and Distribution Center. Unpublished paper presented at the National Coordinating Council - Environmental Protection Agency Emergency Operations Center, Washington, DC.

McCleery R, Martinez K, Burr G [2003]. NIOSH evaluation of air sampling methods for *Bacillus Anthracis* in U.S. Postal Service Processing and Distribution Center. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

McCleery R, Martinez K, Burr G [2002]. NIOSH indoor air quality investigation of a hurricane damaged outpatient clinic in the United States Virgin Islands. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, San Diego, CA.

McCleery R, Martinez K, Burr G, Mattorano D [2005]. NIOSH evaluation of air sampling methods for *Bacillus anthracis* in a United States Postal Service Processing and Distribution Center. Unpublished paper presented at the National Conference on Environmental Sampling for Bio-threat Agents Conference, Baltimore, MD.

McCleery R, Martinez K, Burr G, Mattorano D [2003]. Evaluation of air sampling methods for *Bacillus anthracis* prior and subsequent to the operation of a delivery bar code sorter in the Trenton Processing and Distribution Center. Unpublished paper presented at the American Industrial Hygiene Conference and Exposition, Dallas, TX.

McCleery R, Martinez K, Burr G, Mattorano D [2002]. Evaluation of air sampling methods for *Bacillus anthracis* prior and subsequent to the operation of a delivery bar code sorter in the Trenton Processing and Distribution Center. Unpublished paper presented at the 11th Annual NIOSH Salt Fork Conference, Cambridge, OH.

Seitz T [2002]. IH role in emergency response; thriving in unpredictable times. Unpublished paper presented at the Professional Conference on Industrial Hygiene, Cincinnati, OH, October.

Seitz T [2002]. Environmental sampling issues for bioterrorism. Unpublished paper presented at the CDC Focus Area C Update Meeting, Atlanta, GA, August.

Seitz T [2002]. Environmental sampling for *Bacillus anthracis*. Unpublished paper presented at the CDC/ATSDR Anthrax Risk Management Internal Meeting, Atlanta, GA, May.

Tapp L [2003]. Health outcomes in workers exposed to the WTC disaster. Unpublished paper presented at the American Public Health Association, San Francisco, CA, November.

Wallingford K, Snyder E [2003]. Workplace surveillance and exposure monitoring during the World Trade Center disaster response. Unpublished paper presented at the Ohio Safety Congress, Columbus, OH.

Wallingford K, Snyder E [2002]. Rescue workers' occupational exposures during the World Trade Center disaster response. Unpublished paper presented at the Theories and Practices in Risk Assessment Conference, Cincinnati, OH.
